

## THE VETERANS NAME THE NEW OFFICERS

**MAJOR THADDEUS CLARKSON OF OMAHA, HONORED.**

All Other Names Withdrawn and the Election is Unanimous—"John Brown Campaign" Last Night in Charge of Colored Citizens of St. Paul—Other Notes.

St. Paul, Sept. 5.—When nominations for commander-in-chief were declared in order in the Grand Army encampment Friday morning D. R. Ballou, of Providence, R. I., was nominated by his comrade, Spooner, of the same state, Judge M. L. Haywood, of Nebraska, presented the name of Major Thaddeus S. Clarkson, of Omaha. The name of E. H. Hobson, of Kentucky, was offered by Gen. Case, of Tennessee. John C. Linehan, of New Hampshire, was brought forward by Daniel Cogswell, of that state, and Rear Admiral Meade was presented by a Dakota delegate.

Seconds for the nomination of Clarkson came quickly from all over the hall, but one of the first men up was Admiral Meade, who withdrew his own name. It at once became evident that Maj. Clarkson would win and all the other names were withdrawn. He was then nominated by acclamation.

The other elections resulted as follows:

John H. Mullen of Wabasha, Minn., senior vice-commander-in-chief.

Charles W. Buckley of Montgomery, Ala., junior vice-commander-in-chief.

A. E. Johnson of Washington, D. C., surgeon-general.

The Rev. Mark B. Taylor of Massachusetts, chaplain-in-chief.

The council of administration, as nominated by the various states and approved by the encampment, is as follows: Alabama, M. P. Wickersham; Mobile, Arizona, J. W. Dorrington; Yuma, Arkansas, J. H. Hutchinson; Detroit, California and Nevada, T. K. Stetler; San Francisco; Colorado and Wyoming, B. L. Carr; Longmont; Connecticut, J. M. Wise; Hartford; Delaware, J. W. Mallory; Parkersburg; Wisconsin, O. W. Carlson; Milwaukee.

The encampment adopted resolutions approving of the Woman's Relief corps' attempt to preserve the Andersonville prison pen, but refused to commend the efforts to beautify it.

Ex-volunteers and present members of the regular army were placed on an equality in the matter of dues, but the proposition to excuse posts paying dues to the department under certain conditions was rejected.

The encampment resented the utterances of President Elliot of Harvard university concerning the Grand Army and passed a report declaring that "While we emphatically condemn such statements as unworthy and untruthful, we will not dignify them by a formal resolution of condemnation."

The Women's Relief corps elected Mrs. Agnes Hitt of Indiana, president; Mrs. Marie Hazenwinkel of St. Paul, senior vice-president; Mrs. Amelia Colgan of Virginia, junior vice-president; treasurer, Isabella C. Bagely, Zanesville, O.

The Ladies of the Grand Army of the Republic elected officers for the ensuing year. The following were chosen: Mrs. C. E. Hirst, Louisville, Ky., re-elected president; senior vice-president, Mrs. A. The army went on record as opposed to the use of the national flag for political purposes. It asks congress to pass a law forbidding the use of the national coat of arms and flag for political purposes or for private gain, as in a trade-mark or label. Cumberland Post No. 737 of Illinois wanted Gen. Nelson A. Miles raised to the rank of lieutenant-general, and the army supported the post.

A special reunion of the 5th regiment, New York heavy artillery, veteran volunteers, was held in connection with the encampment, the representatives present being from New York, New Jersey, Indiana, Illinois, Iowa, Wisconsin, Minnesota, South Dakota and North Dakota. Comrade Herbert R. Shumway of Minneapolis, Minn., was made chairman, with Jasper E. Lewis of South Bend, Ind., secretary.

### READY FOR WORK.

Plans of Gold Democrats—Will Begin Campaign at Once.

Indianapolis, Ind., Sept. 5.—The nominees of the gold democratic convention left the city early Friday morning. General Palmer was asked to make some definite statement as to his acceptance of the nomination, but he declined, saying he would give his answer at Louisville, Sept. 12, when he will be officially notified. No one doubts his intention to accept.

Chairman Bynum of the new national committee called a conference of those prominent representatives of the party who remained in the city. Acting upon the advice of Mr. Bynum, it was decided that the headquarters of the national committee shall be established in Chicago, with a branch in New York city. Some New Yorkers will be placed in charge of the branch in that city. The chairman said he would arrange to open headquarters in Chicago immediately—probably by next Monday. He will not be ready to announce his executive committee for a few days, but he authorized the statement that when it is announced it will contain the names of L. C. Krauthoff of Missouri, F. M. Cutcheon of Minnesota, John C. Bullitt of Pennsylvania and W. B. Haldeman of Kentucky. It was decided at the conference that speakers must be in the field in every state by the middle of this month. The Indiana committee has made arrangement for a series of speeches in this state by Elrich of Colorado, Lehman of Missouri and Krauthoff of Missouri. One million copies of the official proceedings of the convention will be printed for circulation.

### KNIGHTS AT MINNEAPOLIS.

Big Prizes Are Contested for by Two Iowa Divisions.

Minneapolis, Minn., Sept. 5.—The drilling for the big prizes in the Uniform rank, Knights of Pythias, competitive drill, which was begun Thursday morning, was continued Friday in the presence of a large number of spectators. The two divisions to contest for honors were the Lilly division No. 16 of Radcliffe, Iowa, T. S. Waud, captain; Charles Finn, first lieutenant; P. E. de Marsha, second lieutenant; William Wiemer, first sergeant; Aaron Merchant, second sergeant; and Hart division No. 29, Clinton, Iowa, Paul Lubbers, captain; first lieutenant, J. Warneke; second lieutenant, L. Champlin; first sergeant, John Schwensen; second sergeant, L. H. Seeber. The latter division had had but little practice, and merely entered the contest in order to take third place money, as the dropping out of Garden City division of Chicago left but three divisions in the contest.

### Sheehan Is for Bryan.

New York, Sept. 5.—John C. Sheehan, the leader of Tammany hall, has come out positively for the indorsement of Bryan and Sewall and the Chicago platform. What determined him finally, he said, was the action of the Indianapolis convention in declaring for the single gold standard. He said: "I am unequivocally in favor of the free and unlimited coinage of silver. I am convinced that the prosperity of this country can be restored by the adoption of the free coinage policy. It may as well be understood that the leader of Tammany hall is neither hedging nor wobbling on the silver question, notwithstanding reports to the contrary sent throughout the country. I do not know what the convention in Buffalo will do, but I hope it will indorse not only the nominations made at Chicago but also the platform adopted there."

### Gray Comes Out for Palmer.

Wilmington, Del., Sept. 5.—United States Senator George Gray has finally declared his position in regard to the money question and the Chicago convention. He says: "I am not in sympathy with the free-silver movement, and never was. The platform of the Indianapolis convention clearly expressed my idea of true, sound, honest-money democracy. The ticket named at Indianapolis has my hearty approval." It is believed here that Senator Gray's declaration has practically blocked his prospects for a re-election in 1898.

### Joliet Rod Mill to Resume.

Joliet, Ill., Sept. 5.—After a two months' shut down the rod-mill department of the Illinois Steel company will start Tuesday morning. Employment will be given at once to 250 men.

## THE TRADE REVIEW BY DUN & COMPANY

THEY REPORT CONFIDENCE INCREASING.

Prospects For Autumn Business Show a Decided Improvement—Return of Gold to This Country Encourages All Lines of Trade—The Failures For the Past Week.

New York, Sept. 5.—R. G. Dun & Co., in their weekly review of trade, say: "There is a distinct increase of confidence, due largely to the continuing and heavy imports of gold, which have put an end to the money anxiety, and also to political events, which are closely watched. The gain in confidence and in willingness to lend and invest gives reason to hope that the necessary replenishment of stocks which cannot be long deferred may be liberal enough to stimulate fair activity in trade and industry."

"Wheat had suddenly risen a week ago, but reacted with better crop news until Thursday, when another advance came of 1 cent, making the net decline for the week 1½ cents. Western receipts continued large, 5,215,706 bushels for the week, against 4,550,104 last year, making the increase since July 1 about 12,000,000, or 13 per cent. Atlantic exports are also large. Flour included 2,032,963 bushels, against 1,347,352 last year, and since July 1 19,073,551 bushels, against 11,315,645 last year, a gain of 69 per cent. Gloomy stories found little support in such returns."

"Corn has reached at Chicago the lowest point ever touched, 20 cents, in 1861, and has again broken all records here, declining to 25½ cents, at which it closed."

"Cotton fell to 7.67 cents, but with revival of confidence rose to 8.50, although the prospect is clearly more favorable than some weeks ago."

"After many weeks of decline so that the average of prices for iron and its products was the lowest since early last year, prices have started up a shade. The various associations have not reduced prices, believing that it would not stimulate demand at present, which is extremely narrow and as yet shows no improvement. But the first long step in that direction is taken when men believe that the bottom has been touched. Coke ovens operating are only 7,425, against 10,522 idle, with a smaller output than for years, but no change is made in prices."

"The starting of some woolen mills which have been idle and accumulating orders for a short run is still balanced by the stopping of others, and the volume of orders does not increase."

"No gain as yet appears in demand or prices. But a marked speculative buying of wool shows belief that prices will improve, and sales for the week were 4,377,600 pounds, of which only 555,700 were foreign, much over half of the domestic sales being in Texas and far western states at prices ranging from 7 to 8½¢. Cotton goods are growing stronger, more grades having advanced and though sales are moderate there are more buyers, indicating exhaustion of dealers' stocks."

"Failures for the week have been 334 in the United States, against 186 last year, and thirty-one in Canada, against thirty-eight last year."

### IMPORTANT INQUIRY PLANNED.

The Interstate Commission Summons Railway Men to Answer Questions.

Washington, Sept. 5.—For the hearing to be given in Chicago Sept. 18 the interstate commerce commission has endeavored to take into consideration every technicality by which the object of the investigation can be defeated. Circulars have been sent by authority of the commission to the managements of all the roads interested calling for specific information and full details, and the replies of the companies must be filed with the commission by the 14th, covering the practice of rebelling, reconsigning or carrying of grain on balances; of rate from Missouri river points east via Chicago, St. Louis or other gateways; length of time cars are stopped in transit, loading and unloading and the passing of the grain through the elevators and where such shipments lose their identity.

### Fire Sufferers Need Money.

Houghton, Mich., Sept. 5.—A charity ball for the benefit of the Ontonagon fire sufferers was given at the Light Guard armory at Calumet Friday night. There was a large attendance. About \$5,000 has been raised in Houghton county for Ontonagon. Reliable reports from the burned city say that further cash contributions are urgently needed. The people now have plenty to eat, but hundreds are totally destitute and must have a few dollars each to enable them to begin life anew.

### More Natural Gas in Indiana.

Valparaiso, Ind., Sept. 5.—Great excitement prevails at Wanatah, east of this city, on the Pennsylvania. While boring for water on Henry Wogjohn's farm, natural gas was struck at a depth of 114 feet. The flow is very heavy.

### Cleveland Refuses to Talk.

Buzzard's Bay, Mass., Sept. 5.—The president persists in his determination to say nothing at this time in regard to the nominations made at the Indianapolis convention.

## MAN WHO WAS SHORT SLAIN BY FARMERS

CONVICT TELLS A SENSATION-MAKING STORY.

C. O. Davies, Who, It Is Charged, Wrecked a Bank at East Peru, Madison County, Is Alleged to Have Been Lynched By Some of His Victims.

Des Moines, Ia., Sept. 5.—About a year ago C. O. Davies, cashier of the Citizens' bank of East Peru, Madison county, looted the institution and disappeared with \$14,000 of its money. After several months he was located and arrested in New York. He was brought back to Iowa and lodged in jail at Winterset, county seat of Madison county, in which East Peru is situated. He and another prisoner, one Streeter, escaped. Streeter was caught, but Davies was never heard of again.

Now comes a story that Davies was caught by a posse of farmers in the woods of Madison county and killed, buried and his death kept a secret between those who perpetrated the deed. Streeter, who is now in the penitentiary, is given as authority for the story. Ed Jones, now in Omaha, has told the story there that he was in the Winterset jail at the time of the escape and after. He is said to have claimed that after Streeter was brought back to confinement and was visited at times by some of the posse who had captured him.

Jones claims to have overheard their conversations and learned from them that Streeter had seen the farmers kill and bury Davies. Streeter was spared on swearing not to tell what he knew and was taken back to the jail.

Persons in Madison county who have been interested in the wreck of the bank have been looking up this story for two weeks and it has just become public. Davies' relatives in New York have been notified, but they do not believe the story, although Mrs. Davies says she has not heard of her husband since he escaped. The attorneys for the creditors of the bank, a Des Moines firm, have investigated the case and place no reliance in the tale.

### FUSION IN NEBRASKA.

Democratic Convention Meets at Omaha to Indorse the Populist Plans.

Omaha, Neb., Sept. 5.—The democratic state convention was called to order Friday by C. J. Smyth, chairman of the state committee. The conference committees from the convention and from the populist state committee agreed upon these four electors to represent the populist party: N. O. Alberts of Clay, S. L. Kostryze of Saline, M. F. Harrington of Holt and J. N. Campbell of Nance.

Constantine J. Smyth, chairman of the state central committee, was nominated for attorney general with practically no opposition. James C. Dahman of Chadron, a Bryan supporter, was named chairman of the state central committee, to succeed Smyth, and William Rollins of Wakefield was nominated for regent of the state university, to fill a vacancy made by the withdrawal of A. A. Monroe, populist nominee. The convention then indorsed the remainder of the state ticket nominated by the populists. The platform indorses the Chicago platform, eulogizes Bryan and briefly indorses important state issues.

### Mrs. Parnell Will Explain.

Bordentown, N. J., Sept. 5.—There are many people in this place who believe that in the near future it will become known who murderously assaulted Mrs. Della T. S. Parnell, mother of the late Charles Stewart Parnell, the Irish leader, while she was on her way to her home, "Ironsides," on April 12 of last year. They base their belief on the statement Mrs. Parnell makes in a letter she has written to William C. Steele, a justice of the peace of this place. Mrs. Parnell says she intends to write and tell the name of the person who assaulted her. She says she knows who he was and that as she is now in Ireland and does not intend to return to this country she will make it known who tried to kill her.

### Thousands to Visit McKinley.

Canton, Ohio, Sept. 5.—The delegation of visitors coming to Canton to call upon McKinley from Pittsburgh and Beaver county to-day promises to exceed in point of numbers anything yet witnessed. The Beaver county contingent arrived at the Fort Wayne station at 10:40 o'clock. The Pittsburgh people arrived in the afternoon. Advances received at the Fort Wayne ticket office from Pittsburgh are to the effect that seven trains of twelve coaches each were already assured. Over 5,000 tickets have been sold from here. The first train will arrive at 2:30 o'clock.

### Montana National Bank Suspends.

Helena, Mont., Sept. 5.—The First National bank of this city failed to open its doors Friday. A notice posted on the door said the heavy withdrawals had caused a suspension and that depositors would be paid in full. The bank had a capital of \$1,000,000 and was reorganized after the panic of 1893, when it was forced to close. Among the heavy depositors is the state, with \$200,000, but it is secured by indemnity bond. It is believed depositors will be paid in full.

### CHICAGO THEIR CHOICE.

Gold Men Decide to Establish Headquarters in That City.

Chicago, Sept. 5.—The national headquarters of the gold democracy will be located in Chicago. The fight for Palmer and Buckner will be directed from the same city selected by the generals commanding the McKinley and Hobart and Bryan and Sewall-Watson campaigns. Senator Palmer has expressed the desire to have the gold headquarters in Chicago, and his wishes agree entirely with the advice of the leaders of the Indianapolis convention. From this position the gold leaders intend to force a vigorous fight on the silver forces in Illinois, Indiana, Ohio, Michigan, Wisconsin and Iowa. Of course other states will not be neglected, but in these six states, aggregating 101 electoral votes—but twenty-three short of a majority—the battle will be the thickest.

### Inquest at Chadron, Neb.

Chadron, Neb., Sept. 5.—The coroner's jury was in session since 9 o'clock Friday morning investigating the death of the two babes who were suffocated in the fire at W. A. Danly's house Thursday morning. Mrs. Danly, who is the only person talked of in connection with the firing of the house, has for several years been a devoted follower of the teachings of Christian science. More than twenty witnesses have been examined, and it was found necessary to adjourn, and the hearing will be resumed later. The funeral of the children was held Friday and was largely attended.

### Mark Hanna Talks of Gold Nominations.

Cleveland, Ohio, Sept. 5.—Mark Hanna was interviewed Friday concerning the result of the Indianapolis gold democratic convention. He said: "I think the action of the convention will be of assistance to us. Gen. Palmer is a strong, reliable man, and has a heavy following among democrats in Illinois. His nomination, following that of the gold standard democratic governor will weaken the forces of the other democrats in Illinois very materially." "How about Buckner?" "The nomination of Buckner will also do us good. He is strong in Kentucky."

### Big Crowd Expected.

Springfield, Ill., Sept. 5.—Arrangements are rapidly perfecting for the tenth annual convention of the Christian Endeavor societies of Illinois, to be held here Oct. 1 to 4. From reports already in the local committee of management is confidently expecting an attendance of 3,000 to 4,000 young people of all denominations, and is arranging for the entertainment of that number during the meeting. The promise is that the convention of '96 will exceed in numbers and interest any like gathering ever held in Illinois.

### William J. Bryan at Chicago.

Chicago, Sept. 5.—William J. Bryan stepped from the 9:20 train at the Lake Shore depot Friday. He was at once escorted to the Auditorium hotel, where he will take a much needed rest.

Mr. Bryan will have a conference with Senator Jones and other leaders. To-day he will deliver two speeches in Wisconsin. He will spend Sunday quietly here. Monday he is announced to speak at the labor picnic, and also the Building Trades council picnic. He will leave for Lincoln Monday evening.

### Target Practice for the Cruisers.

New London, Conn., Sept. 5.—Six cruisers of the White Squadron, the New York, Indiana, Cincinnati, Massachusetts, Newark and Maine, anchored off North Hommock light shortly after 5 o'clock, and will remain here for a few days for the purpose of having short drills on Fisher's Island and target practice in the bay under the direction of Rear Admiral Bunce.

### Gov. Palmer at Springfield, Ill.

Springfield, Ill., Sept. 5.—General John M. Palmer, candidate of the national democracy for president of the United States, returned home from Indianapolis at 5:17 Friday evening and was greeted with an ovation by his friends and neighbors, who turned out nearly 3,000 strong to meet him at the Wabash railway station.

### Watson Will Go Into Kansas.

Topeka, Kas., Sept. 5.—The "Allied Forces of Free Silver" in Kansas received a telegram from Mr. Butler, the populist national chairman, informing Mr. Breidenthal, the state chairman, that Thomas E. Watson, the party's nominee for vice-president, will speak three days in Kansas, commencing Sept. 10.

### Jesse Grant Joins the Populists.

San Diego, Cal., Sept. 5.—At the populist county convention Friday a great sensation was caused by Wade McDonald, one of the delegates, reading a letter from Jesse R. Grant, son of General U. S. Grant, in which he repudiated the republican and democratic party, and declared his intention of joining the populists.

### Iowa Silver to meet us.

Des Moines, Iowa, Sept. 5.—The silver democratic state central committee will meet here next Wednesday to select a candidate for state treasurer in place of Charles Ruegnitz of Elkader, who has declined to make the run. W. H. Stam of West Union and Henry Lehman of this city are talked of, both being free silver Germans.

## CREAM CITY HEARS MR. BRYAN'S VOICE

THE POPOCRATIC CANDIDATE IS AT MILWAUKEE.

Scheduled to Make Five Speeches in That Place Today—Meeting Was Held at National Park—Black River Falls Bank Will Play Claims in Fall.

Milwaukee, Wis., Sept. 5.—According to the plans adopted, Mr. Bryan, the democratic candidate for president, will make five addresses in this city today. The largest meeting will be held in National park, on the south side, and a large platform has been erected there in the center of a forty-acre tract. If the crowd is as large as it is now expected to be, Mr. Bryan will make four speeches from the platform, one on each side of the structure.

### Wisconsin Bank in Trouble.

Eau Claire, Wis., Sept. 5.—A petition has been filed in Judge Bailey's court to have the Jackson County bank of Black River Falls placed in the hands of Samuel Jones as receiver, and an credit to that effect was made by Judge Bailey. The bank will probably pay the depositors in full.

As was expected, the Chicago found themselves lodged in fifth place last night, after suffering a defeat in Baltimore, while Boston was again winning from punky St. Louis. The Chicago play two games in Philadelphia today. ### FAILS FOR MILLIONS.

J. B. Watkins Company of Lawrence, Kan., in Distress.

Topeka, Kas., Sept. 5.—United States District Judge Foster on Friday appointed receivers for the J. B. Watkins Land and Mortgage company of Lawrence, Kas., the largest concern of the kind in the state. The liabilities amount to \$4,250,000 in debenture bonds held in the east. The receivers are M. Summerfield and J. B. Watkins of Lawrence and John F. Switzer of Topeka. The interest on the bonds has been in default since 1895, and it was this fact that led to the demand for a receiver.

J. B. Watkins, president of the company, is considered one of the wealthiest men in Kansas, and is the principal owner of the Kansas City, Watkins & Gulf railroad in Texas. It is said that the company is likely to be reorganized now and the business be cleared up in a year or two. Samuel Bishop of Lawrence, attorney for the company, says the assets will almost cover the liabilities. The assets are farm mortgages in Kansas, Nebraska, Texas and Iowa. The company has done an enormous business in loans and the sale of debenture bonds. How the money was spent can be answered only by the managers of the company.

### African M. E. Conference Meets.

Muncie, Ind., Sept. 5.—The Indiana conference of the African Methodist Episcopal church got down to actual business Friday. Noted members of this church are present from all parts of the United States. Prominent missionaries from Africa are also in attendance. Mrs. Teister of Crawfordsville was elected president. Harry S. Bray of Richmond was awarded the Indiana conference scholarship at Payne Theological seminary, Wilberforce university. The conference will adjourn Sunday night.

### Indiana Man Shoots His Daughter.

Bloomington, Ind., Sept. 5.—William Hall of Polk township shot his 18-year-old daughter because she married against his will, and then he shot himself. The daughter will recover, but Hall is fatally wounded.

DR. WHITING TELLS OF VAIN EFFORTS

MEDICAL DEPARTMENT WORK IS HAMPERED.

Satisfactory Results Cannot be Achieved, He Declares, Unless Uniform Blanks Are Provided From Headquarters and the Efforts to Secure Data Are Renewed.

A distinct departure in national department reports is that of Surgeon General J. B. Whiting of this city. Dr. Whiting's report to the St. Paul national encampment was recommended for adoption by unanimous vote of the committee. It was as follows:

To General I. N. Walker, Commander in Chief, Grand Army of the Republic. My Dear General—In making my annual report you will permit me to say, that I am greatly embarrassed by the non-receipt of reports from a large number of the medical directors of the various departments.

I need not attempt to account for this, as the same difficulty has been experienced by my predecessors, and none of them have been able to find sufficient reason for non-compliance with instructions from headquarters.

Making the reports that have reached me the basis of opinion, I believe this department of the Grand Army is in much the same condition as it was when my predecessor made his report.

But we are compelled to take cognizance of the fact that our advanced reports are ready excuse for any seeming neglect of duty. To this reason, I largely ascribe the fact that post-surgeons and medical directors delay their reports.

While medical director of the department of Wisconsin, I learned that much misapprehension existed in the matter of what constituted a "term." Some posts ended the term with the date of closing their reports, many seemed to have no definite idea of the significance of the word "term." Hence I recommend to the department that the "term" should end with the calendar year, and that only one report be required for the year, ending with December 31, always. This I believed would simplify the matter, and would insure from the posts more prompt and reliable reports.

Under the efficient work at department headquarters, a new blank was formulated, which has resulted in an improved service in the department of Wisconsin.

In order to secure uniformity, I respectfully recommend, that all blanks be furnished by headquarters; not only the blanks issued to medical directors, but also those used by the individual posts in each and every department. In this way only can uniformity and reasonable accuracy be assured.

In order to proceed intelligently along the line here indicated, I would respectfully recommend that the council of administration determine the form of blanks to be used, and certify the same to the commander-in-chief, and when such blanks are printed and issued, the medical director shall supply each and every post within his jurisdiction with the proper blank. Until some measures are adopted to secure better results, the office of post surgeon might well be abolished.

The following departments have reported to this office to-wit: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, North Dakota, South Dakota, Florida, Iowa, Idaho, Kentucky, Louisiana, Mississippi, Montana, New Jersey, Washington and Alaska. Thus it will be seen, that from the forty-five departments only fifteen reports have been received. Some of these are annual, some semi-annual, and some indefinite as to time. It will be seen, therefore, that no compilation of these reports can be made that will be of the least practical value from a statistical standpoint, and I shall not attempt it unless under express mandate of the commander-in-chief.

What Past Adjutant General Jones says in his report, concerning blanks in general, is equally applicable to blanks for use in the medical department; and I most heartily concur in his recommendation. In some way let our blanks be simplified and made uniform. My predecessor, ex-Surgeon General Weeks, in his very able report, called attention to this matter, and I trust it will not be forgotten or neglected.

The departments of Maine, New Hampshire, Vermont, Rhode Island, South Dakota, Florida, Idaho, Louisiana, and Mississippi, Iowa, Washington and Alaska, show an expenditure for charitable purposes of \$3,445.99, Maine leading with a report of

\$3,428.97 and Washington and Alaska following with \$1,684.

Thus it will be seen that the heart is kept warm and the palm well open to relieve the wants of old soldier, whose advanced years and declining strength render him unable to supply his needs. It is believed that the other departments have contributed generously for the relief of their comrades but neglected to make a report.

Among all the organized associations for the relief of soldiers and their families, none is entitled to greater credit, than the "Woman's Relief Corps" not simply by reason of the generous amount expended by them, but because of the warm hearts and willing hands they put into the work. The names of these women will go down into history and their deeds will be told in song and story, long after the veteran last soldier shall have been laid to his rest.

The condition of the various "Homes", national and state, is believed to be in the main satisfactory; but the ample report of the inspector general, renders any detail in this report superfluous.

The mortality reports are too meagre to be of value. Thirteen departments report 908 deaths. Taking this as a basis, the deaths in the entire jurisdiction would be about 3,000; but it is presumed that the adjutant general's report will show a much greater depletion in the ranks of the old boys.

The number of posts in operation in all the departments is 7,245. Of these, only 779 have reported to their respective medical directors. It is to be hoped the assistant adjutant general's of the various departments have been more successful. If so, the grand encampment, through its adjutant general, will be in possession of statistical information which this office is not able to give.

While I am deeply chagrined at the meagreness of my report, in the matter of statistics, I do not despair of an improved service in the future. There certainly is no sufficient reason why the medical director should not receive reports from the posts in his department as promptly and accurately as the assistant adjutant general. As an important factor in this matter, will you pardon me, if I repeat, that in my judgment, all blanks used must be uniform; and to secure uniformity they must be issued from headquarters.

A word in conclusion:— Boys: I profoundly appreciate the honor you conferred upon me at the Twenty-ninth Annual Encampment, and in many ways I have enjoyed my official intercourse with you.

I have felt myself in touch with the remnant of the grandest army the world ever saw: "Grand in the field; grander still when, flushed with victory, it put off the panoply of war and returned again to the peaceful vocations of the citizen."

The years pass all too quickly for the work we have to do. Our faces have long been turned sharply toward the setting sun. Many of us are moving in the twilight, and are so near the divide that we are almost able to catch glimpses of the beyond. So, boys, till we meet, farewell.

THE WINTER'S WORK TO BEGIN

Renewal of Services at "All Souls" the People's Church.

After a two months' rest the People's church is ready for business. Tomorrow morning a special Labor day service will attract a large audience. Pastor Southworth is to speak to the Labor Union and the unorganized wage earners of the city on "The Only American Aristocracy."

The pulpit announcements for September and October are as follows: "The Truth Shall Make You Free."

- 6. The Only American Aristocracy.
- 13. How to Use the Bible.
- 20. The ABC of True Democracy.
- 27. Why is the Saloon a Curse?

- OCTOBER.
- 4. Woman as a Citizen.
- 11. Poverty: Its Causes and Cure.
- 18. Charles Darwin and His Discovery.
- 25. How Not to Vote.

All departments of the church life will open at once, and never in its history was the outlook for practical usefulness brighter than it is today. There is to be no Sunday evening service at All Souls church this year. All efforts are to be concentrated and making the morning service as helpful and inspiring as possible. The pastor is to spend Sunday afternoon and evening in out-of-town preaching at Milton, Watertown, Evansville and Brodhead.

Mr. and Mrs. C. F. Yates and Prof. M. D. Thompson will furnish music for the Labor Day service tomorrow.

MANY PEOPLE RIDE ON THE CARS

Month of August Was the Best One of the Year

More people rode on the street cars during the month of August, than during any month of the year. The report of Supt. Cummins shows that in the month of June 26,492 people were carried; in July the number of passengers dropped to 26,110; while in month of August 27,930 paid their tickets. The Woodmen's picnic helped to boom the June receipts, but the crowds that went to the fair grounds on "Buffalo Bill's day" made the month of August the banner one of the year.

Land For Sale.

Good and well located land, for eight dollars per acre, one-fourth cash, balance on time. I have a full section in northeast South Dakota, in a well settled neighborhood, two miles from railroad station, six miles from county seat of Deuel county, thirty miles east of Watertown, five miles from Minnesota line, nearly west of Winona. There is running water on the land. I sold land no better than this, two years ago, for twelve dollars per acre.

A KNOTTY PROBLEM FOR SCHOOL BOARD

HOW TO CARE FOR SPRING BROOK CHILDREN.

Committee Appointed to Investigate and Remedy the Difficulty if Possible—School Census Finished and Shows But a Very Small Increase Over Last Year.

At the meeting of the school board held last night:

The commissioners debated the proposition of furnishing a school building for the Spring Brook addition, and appointed a committee to take action.

Heard the report of Census Enumerator Fred L. Clemons.

Paid bills amounting to \$147.47.

Commissioners Cunningham and Shearer were absent, and Commissioner Clemons was elected clerk pro tem. The common council committee on schools, Aldermen Henry C. Stearns, S. C. Burnham, E. R. Ray, Inman, C. K. Miltimore and William H. Jones were present, and presented a statement to the school board showing that the number of children of school age residing in that section is 123, divided as follows: Armour street, 36; Eastern avenue, 44; Spring Brook, 35, and the Beloit road, 10. It is claimed that these children live too far from the schools and that some provision should be made for them in which they reside. The matter has been before the school board and the council for some time and how to solve it is a perplexing question.

Cost \$125 a Month.

It is estimated that to rent a suitable building and to equip it with two teachers janitor, stoves, etc., will cost at a low estimate \$125 a month. It is too late in the season and there is not money enough on hand to erect a building this year, and the only feasible plan suggested was to convey the children to school buildings in carryalls and so avoid the long walk across the Jackson street or Center avenue bridges, which seems to be the chief cause of complaint, especially during the winter season.

Commissioner Hayner's motion that a committee be appointed to look into the idea of renting a building, or having carryalls for the children, was carried, and President Gollin appointed Commissioners Hayner, Burpee and Clemons.

The report of Census Enumerator F. L. Clemons was received and accepted.

The School Census.

The report showed that the number of children between seven and thirteen years is 1,513. Of this number 1,237 attend the public school; 263 attend the private school and thirteen did not attend any school owing to sickness and other causes. The report in detail is as follows:

	Male.	Female.	Total.
First ward.....	420	419	839
Second ward.....	324	324	648
Third ward.....	411	455	866
Fourth ward.....	638	632	1270
Fifth ward.....	335	354	689
Total.....	2128	2184	4312

The school census of 1895 was as follows:

	Male.	Female.	Total.
First ward.....	404	440	844
Second ward.....	308	333	641
Third ward.....	427	417	844
Fourth ward.....	699	619	1279
Fifth ward.....	338	342	680
Total.....	2126	2151	4277

Comparing the two reports it will be seen that there is a loss of five in the First ward; a gain of seven in the Second ward; a gain of twenty-two in the Third ward; a loss of seven in the Fourth ward and a gain of nine in the Fifth ward.

Bills to the amount of \$147.47 were paid, and the board adjourned.

THE "GEMS" MCKINLEY WEARS.

Have you heard of the real value, of the gems McKinley wears? Of the sparkle and the luster of his great solitaires?

How he never lays them off nor looks them out of sight; But wears them, all the time,—they glimmer day and night? The most valued of these gems, is a ruby, pure He wears this, not on his shirt-front; just underneath, instead; Electric lights behind it, to show off every part—its beauty can't be equalled, its name—"McKinley's heart."

Two other gems McKinley wears, perhaps second in rank; O, so valuable are these, yet never looked in bank. His family love them dearly, their sparkle never His wife knows the true value of these gems—McKinley's eyes.

He wears on his forehead a coronet, bright as day; With modest grace he wears it, we are very proud to say; Set with purest gems, glistening like morning dew— Their names are, "Virtue," "Charity," "Honor," They are only worn by few.

Still another gem he wears, the people can see it plain, A gem called "Travery," he wore it again and again. He was only seventeen when he offered up his life And entered eagerly into the very midst of strife.

Look back a little, are there any who are better than he? If so, just name them, we'll look them up and see. We hear some one say Washington, please tell us in what way He was better than McKinley, the "idol" of this day.

There's Lincoln, yes the world admits the greatness of the two, But it can't admit they were more loyal, or prove they were more true. McKinley has just started to climb the ladder of fame, He has not fairly reached the middle ere the people all exclaim, Who is this man, McKinley? he eats not off of golden plates.

Why, he's just the future president of the United States. And if you watch him closely as he climbs the White House stairs, You will see it a pure reflection of the gems McKinley wears.

A Hope and Prophecy. Go forth! Go forth! The battle cry Rings out from plain and rally; From every glen and hillside home Stout hearted men must rally. Men strong of purpose, swift of deed, Shall buckle on their armor, And naught can stay their mighty tread, For human rights urge onward. Our land is filled with pain and woe; Rise, valiant ones, redeem her! From force and field, from mill and bench, Come the faithful sons of labor. They are the brain and sinew of the land That rise to this proud mission. Who, pledged to battle for the right, Find glory in fruition.

All hate and scorn shall pass away, Each home shall beam with gladness When righteousness holds regal sway, And the world retrieves from madness. The workman's hearth, once desolate, Resounds with cries no longer. The pulses beat with a merrier chime, And the weary brain grows stronger. And this, in time, shall urge on youth, In many a brave endeavor, To merit well this palmyr time, And heart grow strong with honor. Then hail! all hail this new-born day, When wealth and want join service, An angel hovers o'er the land, And the nations call her "Justice."

## We Catch Workingmen

On our excellent line of underwear, hosiery, overalls, jackets, shoes and pants because we sell cheaper than other people. Lowell Hardware Co.

When any part of the body isn't doing the work that nature intended it to do, it puts the whole system out of tune—out of harmony. Sickness in one part of the body is likely to run into all parts of the body. When children stand a row of bricks on end, they knock the whole row down by upsetting one brick. That is exactly what happens to the health when the bowels fail to perform their proper function. Constipation makes trouble all along the line—puts the liver out of order, is bad for the kidneys—bad for the stomach. It holds in the body poisonous matter, and because it cannot go any place else, it gets into the blood. The blood carries it all over the system. That makes sluggishness, lassitude, bad breath and foul taste in the mouth, fills the stomach with gas and causes windy belching, stops digestion in the stomach, causes sour stomach, heartburn and headache. You can avoid all such trouble, for Dr. Pierce's Pleasant Pellets cure constipation and its attendant evils.

# NOBODY FROM HERE HEARD BRYAN TALK

## POPOCRATIC CANDIDATE DID NOT DRAW WELL.

The Only Person Who Went to Milwaukee Was a Gold Standard Republican, Who Travels on a Pass, and He Had "Other Business"—Some Political Gossip.

Janesville popocrats are not anxious to see his apostle.  
Nor to hear his voice.  
Nor to applaud his stolen speeches.  
Bryan is only seventy miles away. At Milwaukee.  
But the Janesville democrats. They are at home.  
At their own firesides.  
Waiting for the time to come when they can vote for McKinley.  
Or Palmer.  
Or anyone else.  
But not for Bryan.  
Not.  
Not "on your life" as Mr. Fadden says so tersely.

The popocrats read in the organ of that hybrid party, this morning, that Bryan would visit the city made famous by the beer that the Egyptians first brewed, and the German developed into the best on earth—if the "ad" writer tells the truth.

But they did not exult.  
Or loose their purse strings.  
No.

They said, "Mr. Bryan is to visit Milwaukee today."

And then they girded up their loins, and hid themselves to their respective occupations.

Did they waste any time over the Boy Popocrat of the raging Platte?  
Not a nutchee.

They said "they'd like to see him."

But in the same tone of voice that they would say "Marie, I think the children ought to see the circus, so I guess I'll have to go, much against my will, with them."

That was all.

Not One Ticket Was sold

Ticket Sellers Potter and Samuels were ready for a rush this morning.

"There'll be lots of popocrats buying tickets to Milwaukee," they mused.

But they were "off."  
Way "off."

When the ticket windows were opened, the chorus "One Milwaukee" did not greet their ears.

Not even in a whisper.

Seven o'clock came, and no C. & N. W. pasteboard entitling a passenger to a ride to Milwaukee, had been sold.

The train pulled out.

Agent Potter had sold tickets to all the points on the face of the globe—pretty nearly—but none to Milwaukee.

Not even a half-fare ticket for a "kid."

Ticket Agent Samuels, of the Chicago, Milwaukee & St. Paul road, had the same experience.

A shamed man approached the window, and hesitated.

"Milwaukee?" queried the agent.

"No. Hanover."

And so it went.

They sold tickets and tickets, but no Milwaukee tickets.

Not one.

On either road.

Finally the spell was broken.

"I am going to Milwaukee," said a man with a business-like air.

"To hear Bryan?" queried the anxious throng.

"No. To help celebrate my daughter's birthday."

The man was George Bennett.

He is the Chicago, Milwaukee & St. Paul roadmaster.

And a gold standard republican.

Who travels on a pass.

He and his wife were the only passengers from this town this morning.

And Bryan only 70 miles away.

Wants To Vote For McKinley.

Samuel Hill, who formerly resided in this city, but who afterwards moved to Chicago, was in the city this week to take out his naturalization papers, so that he could vote for William McKinley at the fall election. Mr. Hill came to this country from England when but nine years of age. From this city he moved to Chicago, where, for the past three years, he has resided. When he came to taking out his papers, it was hard for him to get one to properly identify him at that place. John De Forest, of this city, appeared as the witness when Mr. Hill made his application here, and Mr. Hill received his papers, and departed for home much pleased.

A Janesville man authorizes The Gazette to state that \$300 to 200 is to be had to back up the proposition that McKinley will be elected. A lot of \$200 is also offered that Tanner is elected governor of Illinois, but that both bets must be taken in order to obtain either one.

Friend of McKinley's Here.

Hon. J. F. Mack, a personal friend of Mayor McKinley; a candidate for elector-at-large in Ohio; and editor of the Sandusky Register was in the city today on his way home from St. Paul. Mr. Mack says that there is plenty of money all over the State of Ohio that says that McKinley will carry the state by a 100,000, and many, he says think the figures will reach 200,000. Mr. Mack says that a vote was taken on a train coming into St. Paul—filled with Minnesota people—which resulted in 115 ballot, being cast for McKinley and thirty-five for Bryan. Mr. Mack says there is no doubt of McKinley's election.

# DEMOCRACY'S PAST ALL IT HAS LEFT

## E. M. HYZER STATES AN IM- PORTANT TRUTH.

Much Enthusiasm Evoked at the Republican Club Last Evening—Speeches by Messrs. Norcross, Nolan and Hyzer—Silver Question Discussed Thoroughly.

All the people who could find room in Concordia Hall heard campaign issues discussed by T. S. Nolan, E. M. Hyzer and Capt. Pliny Norcross last evening. There was a noticeable sprinkling of German democrats in the audience and Max Pfennig was one of those who sat on the platform. President W. G. Wheeler, of the Republican League club, under whose auspices the meeting was held was in the chair.

T. S. Nolan was the first speaker and kept the audience in good humor by his pointed sallies. He was followed by E. M. Hyzer, who was greeted by cheers. Mr. Hyzer began by saying that it had been a good many years since he had addressed a republican audience. He had not intended to make a speech, in fact, and was not prepared. The issues involved in this campaign, he suggested were too vital and far reaching for anybody to neglect. They required patient, careful study and a good deal of thought and reflection. There should be frequent gatherings to consider the questions of the day—gatherings in the city and in every school district.

Leaders Against Bryan.

Turning to the question of party lines he declared that question had arisen more important than the question of party. One proof of this lay in the fact that the recognized leaders of the democratic party—the men that party had named to conduct the nation's affairs—were almost to a man against the Chicago platform and ticket. He called attention to the late convention in Milwaukee, where the silver party, the populists, the socialists and what few democrats appeared put a ticket in the field, not with the idea of upholding the principles of Jackson, but for the purpose of securing votes. Mr. Hyzer said his friend Mr. Winans had said a better thing than he realized probably, when he said to the Milwaukee convention:

"I congratulate myself that the democratic party still lives."

Mr. Winans Not Alone

"There are many others just as much surprised as Mr. Winans to find that there is anything left of the democratic party," said Mr. Hyzer, amid applause. The democratic party he declared, had a wonderful history.

"It has a great past," he said, "and in my judgment, all it now has is a past." [Cheers.]

The principal speech of the evening was made by Captain Pliny Norcross. He dealt with the currency question exhaustively, comparing the value and production of gold and silver in earlier years, and showing the principles that had always underlain coinage laws.

Silver In Theory; Gold In Fact.

The inconsistency of the silver men was pointed out, some of the notable instances of silver leaders who put gold clauses in all their leases and mortgages being given. Captain Norcross' speech was uninterrupted by frequent applause, and gave much valuable matter in terse, practical form.

During the evening there was music by the Y. M. C. A. band. The next big meeting is that of Monday evening, when Hon. Theron P. Keator speaks in the Myers Grand.

"WHITE SPEAR" HAD TO SETTLE

Indian Doctor Pays the Man He Is Said To Have Clabbed.

Fethers, Jeffris, Field & Mount, had dealings with a long haired Indian doctor by the name of James Long, but better known among the citizens of Monroe as "White Spear." The Indian doctor is traveling through the country, selling medicine. While at Monroe, "White Spear" is said to have lost his temper while watching a farmer clubbing one of his dogs, and, it is alleged, he clubbed the farmer over the head and nearly put out one of his eyes. The farmer engaged counsel in this city, and the result was a settlement, made by "White Spear" paying one hundred dollars and costs.

# BOWER CITY PEOPLE SAW THE BALL GAME

## EDGERTON-EVANSVILLE CON- TEST DREW A CROWD.

Battle is to Decide the Championship of the State League—Farmers Drive For Miles to be Present—the Janesville Folk Who Attended.

The black cloud that overspread the skies in the direction of Evansville, this afternoon, was explained by the fierce, funnel shaped outburst of language at the umpire of the Evansville-Edgerton ball game. The game this afternoon was expected to settle the championship of the Southern Wisconsin league. Edgerton and Evansville have been struggling along within a few per cent of one another. A victory for Evansville, today, puts her at the head of the league; while a victory for Edgerton, leaves Edgerton and Evansville tied for first place.

"We have them beaten if our boys can bat their new Milwaukee pitcher," said an Edgerton man this morning, as he started to the train.

Many Janesville People Went

But the interest in the contest was not confined to the two interested towns, either. The Bower City furnished quite a few spectators, while the friends of "Tom" Morrissey and George Wilbur of the Edgerton nine, and Sullivan, Brewer and Holloran of the Evansville team, went along to see that everything was all right.

Hon. Andrew Jensen of Edgerton, told a Gazette man that two hundred of his townsman would be on hand, while people drove many miles from the country, to join the crowd from the tobacco town. The people who went from here were:

LOCAL FOLK HOME FROM ST. PAUL

Many Amusing Incidents Told of the Trip—Train Very Late.

Janesville's delegation to St. Paul and Minneapolis returned home this morning on the Northwestern vestibule train, which arrived in two sections, an hour and a half late. Many amusing incidents took place, one of which was the chasing of a pickpocket through the business streets of St. Paul by two local business men, who were in sympathy with an old soldier, who had lost his pocket book, containing all his money. Janesville people who visited Minneapolis, were obliged to walk half way to that city before they could board an electric car; ride back to St. Paul; and then pay double fare.

FIRST CLASS REPAIRING

## FASHIONABLE ACCESSORIES.

Castor Oil as a Hair Tonic—White Dresses Still Popular.

Women who cannot afford to buy garters clasped with jewels and precious metals may be consoled by the reflection that all garter clasps are hard and uncomfortable and that for women who wear round garters nothing is so easy as the circle of flat elastic, without metallic ornament of any kind. The appearance of these garters may be rendered attractive by running the elastic through a casing of shirred ribbon, which gives when the rubber stretches. A choux or a bow of taffeta, satin, ribbon or lace placed at the joining adds to the beauty of the garter and conceals the seam.

The fashionable coiffure for young women and girls is waved at the sides, where it droops a little. Small combs hold these waves in place. The coil at the back is placed rather high. Castor oil, pure and simple, is said to be an excellent tonic for the hair, used once a month. It is applied

WOOLEN GOWN.

with a small, fine sponge, which is dipped in the oil and rubbed upon the scalp, the hair being parted with the fingers.

White costumes still continue to be fashionable and white enters largely into many elegant gowns. A bodice, guimpe, belt, collar, applications of embroidery and lace give the necessary touch of white in the costume. It is rather late to speak of white pique gowns, although in Paris they are still worn, often accompanied by vests of white silk with cravats and jabots of real lace, by those who can afford it. The Parisienne has a passion for combinations of whites, from the oyster shade through snow, cream, biscuit and deeper tones that we would call pronounced ecru and yellows.

The illustration shows a costume of navy blue woolen goods with a small white design scattered over it. The skirt is plain. The bodice is fitted at the back and laid in plaits in front, the middle plait being of white satin. White lace forms the trimming of the corsage and small epaulets of lace are placed at the top of the sleeves. The collarette is of white gauze, the belt of white satin.

## AUTUMN FASHIONS.

Braided Costumes—Jackets and Bolero Effects—Ornamental Belts and Corsets.

For the autumn season materials ornamented with soutache will be greatly in vogue. The soutache pattern will cover only a part of the bodice or the jacket, or the design will be an all over one, the worsted braid being mingled with black and gold cord on a ground of red, navy blue, dark green, beige or chestnut cloth.

The jacket, which has been of late a trifle neglected for the cape, is to be much worn. There are many new models prepared. They are chiefly characterized in general by small position backs, large, square revers and high collars. Braided boleros on velvet, cloth or silk, with various applications, are also seen on the jackets prepared for autumn and winter.

Very much ornamented corsets and belts, plastrons and chemisettes richly decorated in the oriental style, and similar elaborations are to be expected for winter. Bodices intended for very stout figures are now out in ten pieces instead of eight

SILK COSTUME.

—that is, there are three side pieces instead of two between the front and the back of the bodice. The thread and needle used on the sewing machine are very often too large, causing a clumsy and open seam. All seams of skirts and corsages, except when the goods are cotton or linen, ought to be stitched with sewing silk, a fine machine needle being employed. Slender figures can wear bodices with a whole back—that is, with no seam in the middle behind. This sort of back is usually combined with only one side piece, and the style suits tailor made fashions particularly well.

The illustration shows a costume of the skirt of which is of flax blue silk with wide, darker stripes. It is untrimmed. The bodice consists of a double bolero opening in the back and front over a chemisette of moss green surah. The upper bolero is of blue velvet, the lower of blue silk embroidered with gold. Paste buttons ornament the upper bolero. The sleeves, bountiful at the top, are of striped silk and have two paste buttons and a lace frill at the wrist. The belt, collar and choux are of green satin.

#### ENGLISHMEN SCORN WOMEN.

Noticeable in the Lower and Middle Classes.

"One day in Charing Cross station, London," says a woman recently returned from a considerable stay in the English metropolis to a Philadelphia Times man, "I noticed four young men walking up and down the platform, smoking and twirling their canes. Presently from a third-class carriage of an incoming train stepped four good-looking girls, weighted down with shawls, lunch baskets and valises. By the men, who had evidently been waiting for them, they were cordially greeted, but not relieved of their luggage. So far as my eyes could follow their progress I saw the girls still dragging their belongings and the men twirling their canes. The incident strikingly illustrates the attitude taken toward women by Englishmen of the lower and middle classes. English women of no class have as nearly freed themselves from the help of the men as the Americans; the lower classes have not begun emancipation. The new gospel has not yet been preached unto them. The attitude of an English girl toward her 'young man' is of an inferior toward a superior. When walking with him Sunday afternoon she is humbly receptive. She permits herself no assertion or preferences. If the young man in his mightiness chooses to make a remark, she smiles. If he questions she shakes her head or sighs a monosyllable. If he wishes to sit down, she sits down. If he desires to kiss her, she lets herself be kissed. She accepts everything as from a god. That the eyes of the deity may not be offended, she is gowned in her best. Half her head is covered with woolly curls, protected from the breezes and the fog by the net of consecrated fashion. Her flaring hat, covered with cheap flowers, is airily pinned on the neckward slope of her head. With no equestrian other than this pluming of her person does she attempt to please her future lord. Inevitably the man scorns the woman's intellectual life. An English settlement worker said to me, when I remonstrated at his having a Sunday afternoon meeting for men only: 'If I said bring your wives and daughters, the men would not come. It would be impossible for me to convince them that the mere presence of the women need not make our meeting only fit for babes.'"
